DETAILED ACTION

1. The Request for Continued Examination (RCE) filed on 5 October 2005 under 37 CFR 1.53(d) based on parent Application No. 09/976,806 is acceptable and a RCE has been established. An action on the RCE follows.

2. The amendments filed on 5 October 2005, submitted with the filing of the RCE have been received and entered. Claims 1-42 as amended are pending in the application.

Allowable Subject Matter

3. Claims 1-42 are allowed.

4. The following is an examiner's statement of reasons for allowance: The present invention teaches a graphical user interface comprising a plurality of windows for displaying and editing recipes. Each of the independent claims teaches the distinct feature of a first window for displaying a hierarchical list of recipe names and contents, comprising information that uniquely defines manufacturing requirements for a specific product, a second window for displaying summary information regarding a selected recipe from the first window and a third window that allows users to edit routing and formula contents of the selected recipe from the first window. The closest prior art, Spencer et al. U.S. Patent 5,603,021, teaches a first window for displaying the names and contents of mathematical expressions, a second window for displaying summary information regarding a selected mathematical expression and a third window that allows the users to edit the selected mathematical expression. However, Spencer et al. fail to teach the

displayed mathematical expressions of the graphical user interface are recipes that uniquely define manufacturing requirements for a specific product and fail to suggest or otherwise provide adequate motivation for modifying the graphical user interface for interacting with mathematical expression to apply to recipes, and thus fails to anticipate or render the above limitations obvious.

5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
